Hi Sir,

It was our pleasure having them visited our campus. It was great to hear, that its worth a visit. I hope they enjoyed J.

Thanks a lot to you for giving us an opportunity to interact with them.

PFA few pics taken in campus during the visit.

Thanks & Regards,

[\*\*EXTERNAL EMAIL\*\*]

Dear Ms. Anitha and Ms. Adithi,

Thank you for facilitating our students to have a visit to Infosys Campus, Mysuru on 28 April, 2019. It was great experience for them. Some will be in that campus soon after their course completion as trainees and hope others are inspired to try to join.

You made our industrial visit worthy and ever remembering. Moreover it made the industrial visit in real sense.

Thanks once again.

Dr. Vasudeva

As part of this industrial tour they visited prominent organization like Infosys Limited, Mysore, Skanray Technologies Ltd, Mysore and Master Control Facility, ISRO, Hassan.

On 28 April students were taken throughout the Infosys, Mysuru campus in order to make them realize the corporate culture and life in a Multinational company. The students were escorted by the employees Ms. Anitha B. S. and Ms. Adithi Hegde to various facilities provided for the employees at Infosys Limited, Mysore. Students gained a lot of inputs on corporate life by their interaction with the employees at Infosys.

Infosys.

On 29 April student visited Skanray Technologies Pvt. Ltd. Initially students visited the corporate office near Hebbal lake Mysore, where they attended a seminar on development of health monitoring systems by Mr. Vishwaprasad Alva, MD of the company. Following the seminar they were taken throughout the production unit of various X-Ray based products of the company. Students even had good interaction with the designers of those systems. Later students were taken to the development plant which was residing in another location and a brief introduction was given on R&D initiative at Skanray technologies and various product range of the company available in the market over 80 countries. Post lunch students were taken throughout the establishment and were exposed to various production units. Mr. Prashanth escorted the students through various facilities offered by the company. Students gained a good overview on product based company in general and Health care technologies in particular.

On 30 April students were fortunate to visit one organization of India's pride the Master control facility (MCF), ISRO Hassan. Initially they were given a brief introduction on India's Space program and the role of MCF in monitoring the Satellites. Later an elaborated video was shown explaining various work done at the MCF and also on the progress achieved by ISRO in the Past 50 years. The session was concluded with a Q&A session with the MCF officials.

During the visit at Mysuru, students also visited the places of historical importance at Mysuru. On the way back students visited the Historical 12<sup>th</sup> century monuments the Hoysaleswara temple in Halebeedu and Channakeshava temple in Beluru cities of Hassan district.

Students had a good learning experience in these three days and it really benefited them to understand the work culture in an organization and their role as a future technocrat contributing for the development of the nation.
