ACTIVITY SUMMARY

Student (coordinator) name: Chandana

USN:4MW20CS018

Title: Basics of C programming.

Activity held at: GHS Upoor & Shri Narayana Guru English Medium High School

Objectives:

- To educate students about the different career opportunities in computer science and coding.
- To guide students about the basic concepts of c programming.
- To instil in them the basics of coding so that they identify their interests accordingly.

Description:

Our team has come up with an initiative of providing basics of C programming to 10th std and below students of the above-mentioned school, so that the students understand the basics of coding and identify their interests preparing them to choose the right courses for future studies and careers and it allows them to discover who they are, what they like to do and what they do best!

DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

Outcomes:

1. The goal is to help the students understand the basics of coding (C programming).
2. The goal is to help students get a gist of how coding works and choose a right career that they are interested in.
3. This is to not only help students make decisions that they need to make now, but also to give them the knowledge and skills they need, to make future career and life decisions.

Learning from this activity:

- 1) We learnt how students respond to peer-to-peer learning
- 2) We learnt how to work in co-ordination.
- 3) We learnt how to complete a task in an efficient way.
- 4) We developed skills like communication, and patience when teaching to students.

On the occasion of 75 years of India's Independence, NSS-YRC Unit, NCC Unit and Department of Physical Education of Shri Madhwa Vadiraja Institute of Technology and Management, Bantakal, Udupi jointly organized "Prabhat Pheri" on 12 August 2022 from SMVITM Campus to Shankarpura.

Principal of SMVITM Bantakal Dr. Thirumaleshwara Bhat, launched the Prabhat Pheri from SMVITM Campus by distributing the flags. Prabhat Pheri was organized by the college to sensitize public about 'Har Ghar Thiranga' Campaign under the aegis of Azadi ka Amrit Mahotsav. More than 200 people including Dr. Ganesh Aithal, Vice Principal; Dean, HODs of various departments, Coordinators, Faculty, Staff and students participated in it and motivated public to hoist the national flag at their houses from 13 to 15 August 2022.

Students part of "Prabhat Pheri" procession performed loud and enthusiastic renditions of the national anthems "Bharat Mata ki jai", "Vande Mataram", which reverberated in the air and instilled a sense of patriotism in all SMVITM students, Faculty and Staff present at the event.

Academic Year	2022-2023
Name of the Program	"Talk on Women Health and Hygiene"
Date	20 January 2023 at 3pm
Target Audience	Students
Resource Persons	Dr. Indira Pai Shanbhag, Consultant Obstetrician of City Hospital Udupi
Number of Participants	115

The Women Empowerment Cell of Shri Madhwa Vadiraja Institute of Technology and Management organized a guest talk on Women Health and Hygiene on 20 January 2023. Dr. Indira Pai Shanbhag, Consultant Obstetrician of City Hospital Udupi was the resource person. Around 120 girl students of 1st and 2nd year participated in the session. Lady faculties and staff members of the college were also present. Dr. Indira emphasized the importance of exercise and good nutritious food in the well-being of Women's Health. She said that PCOD is very common in the present days and can be cured in the early stages with exercise and adequate nutritious food. Also, she said that mental health is as important as physical health. She gave an insight into sexual abuse and how it could impact the life of a girl.

Ms. Arathi Kini from 3rd year CSE welcomed the gathering and Ms. Vaishnavi Rao of 2nd year CSE was the master of ceremony. Dr. Deepika B V, HOD of Civil Engineering and Coordinator of the Women Empowerment Cell coordinated the program.

Academic Year	2022-2023
Name of the Program	"Rights of Women and Gender Equity"
Date	02-12- 2022 at 3pm
Target Audience	Students
Resource Persons	Mrs. Shyamala S. Kundar, Former Member, National Commission for Women
Number of Participants	80

The Women Empowerment Cell in association with College Internal Complaint committee of SMVITM organized a session on "Rights of Women and Gender Equity", for the students of the College on 02-12- 2022 at 3pm in seminar hall of admin block. The resource person was Mrs. Shyamala S. Kundar, Former Member, National Commission for Women. More than 100 students participated and benefited by the program. The session was lively and interactive. In her talk she said discrimination between girls and boys starts from home during childhood itself. For a nation to develop in the proper direction, gender must be valued equally. When both genders have equal access to opportunities, a society development improves in all areas. Equal rights in decision-making, health, politics, infrastructure, and profession, among other areas, will undoubtedly propel our society to new heights. Since divorce is still frowned upon in Indian culture, many women are trapped in abusive unions. They are afraid to speak up for their rights because they lack power. She also added the government and several NGOs are making efforts to empower women by creating awareness. The government is running a large number of projects for education and skill development of women. The way society thinks is likewise evolving gradually. A growing number of women are receiving high-quality educations. But when gender inequity is eradicated, the actual meaning of women empowerment will be realized.

Dr. Thirumaleshwara Bhat, Principal and Dr. Ganesh Aithal, Vice principal, faculty staff and students were present for the program. The program was compered by Ms. Vimitha, Assistant Professor, ECE Department.

Target Audience	High school students
Number of Participants	1500

As a part of "AzadikaAmritMahotsav" that is 75th year of Independence Day, IEEE Student section, NSS-YRC Unit of Shri MadhwaVadiraja Institute of Technology and Management, Bantakalorganized an event called "IEEE-EUREKA-2022 AN OFFLINE AWARENESS AND INTERACTION PROGRAM"from 26 to 31 October 2022 for the benefit of high school students.These are purely knowledge sharing sessions where engineering students had taken the sessions to high school students in the areas of Agriculture, Healthcare, Education, Sports, Women Empowerment and Disaster managementetc in their respective schools.The main aim of this program is to raise the National High school literacy level by using College youth as 'Ambassadors of Education'.

The major objectives of the event are:

- To expose high school students to advanced state of art technologies.
- Motivate high school students to pursue higher studies in Science and Technology.
- Provide an opportunity for college students to interact with high school students at urban and rural schools and share their knowledge in advanced technologies.
- Encourage girl students in high schools for higher education thus promoting gender equality.

A total of 25 teams from SMVITM college has participated in this program. The team consisting of One IEEE Student member, one girl student and remaining Non IEEE students. A total of 1500 high school students from 96 different high schools (Both rural and urban) of Udupi district were participated in this useful program. The beneficiaries of

the program are School students and teachers and they were exposed to advanced state-of-the-art technologies and also School teachers / authorities can establish contact with IEEE for future technological activities.

Dr. Thirumaleshwara Bhat, Principal; Dr. Ganesh Aithal, Vice Principal; conveyed their best wishes to the program. Mr. Nagaraja Rao, Coordinator, NSS-YRC Unit and Mr. Ganesh S Shetty coordinated the program.

ACTIVITY PROPOSAL

Name of the student Coordinator	: K Prathvi Rao
Number of students Involved	: 5
Academic Year	: 2022-23
Activity Title	: To create awareness about Cyber Crimes and Cyber Security among people in Rural areas
Activity held under (Department/Cell)	: Computer Science and Engineering
Activity held at	: Kallianpura and Badanidiyoor
Activity Dates	: 27-10-2022 to 29-10-2022
Total Duration needed	: 80 hours

Title: Creating awareness about Cyber Crimes and Cyber Security among people in Rural areas.

Objectives of the proposal :

- To create awareness about Cyber Security and Cyber Crimes.
- To inculcate the sense of awareness among the people in Rural areas about the different types of Cyber Crimes.
- To guide the people to take the right decisions and educate them about how they can handle such situations effectively.

Background of the proposal :

To promote this plan

In addition to Internet's many benefits, it increases user's exposure to various forms of crime. Indeed, it has given rise to certain criminal offenses that were unimaginable or didn't exist in the past. Levels of privacy have decreased substantially as the Internet-using public's willingness to publish personal information has increased.

Rural people should be made aware of the threats to their identity. The people who are unaware of the circumstances find it very difficult to handle such situations and take wrong decisions. So, creating awareness about the different types of Cyber Crimes will guide them about how they can handle such situations in a right way.

People in rural areas who hesitate to use the existing technologies will confidently use them once they are aware about Cyber Security measures.

Principal

Description of the proposal :

We have come up with the initiative of conducting an awareness program in the above mentioned localities to provide information regarding the different Cyber crimes and educate the rural people about the initiatives they can take to prevent the Cyber crimes and choose effectively while handling such situations.

Milestones with time schedule & work plan:

Conduct an awareness program in the Gram Panchayats of the above mentioned localities, educate the Rural people about the prevention of cyber Crimes and guide them on effective decision-making during such situations. The group of five will be allocated with different tasks like ppt. making, pamphlet distribution, presentation during the program, etc. accordingly.

Deliverables of the project :

- Through raising the level of awareness among Rural people now, we will be moving toward the creation of an information-secure culture in the future
- Educating and guiding the people in Rural areas helps them to confidently use the Internet and other technologies.
- Video and photo proof of the program.

Activity Report

Academic Year	2022-2023
Name of the Program	Mentoring Program for Diploma Students
Date	05-11-2022 to 06-01-2023
Target Audience	Final year Diploma Students
Number of Participants	15

The Co-Curricular Committee and Code Troopers Club of Computer Science and Engineering Department of Shri Madhwa Vadiraja Institute of Technology and Management, Bantakal in association with The Department of Computer Science and Engineering of Indira Shiva Rao Polytechnic College, conducted a Mentoring Program on Full Stack Development for 15 Diploma students. The program was conducted on every Friday afternoon during the period from 05-11-2022 to 06-01-2023 was led by mentors Mr. Vishwas Prabhu and Mr. Yajnesh, both final-year students of SMVITM under the guidance of Mrs. Savitha A Shenoy, Assistant Professor of SMVITM and Mrs. Shubhalatha, HOD of CSE Dept of ISRP.

The course covered a variety of topics, including HTML, CSS, JavaScript, TypeScript, Git & GitHub, Node.js, React, MongoDB, ES6, Rest APIs, Cloud Computing, Micro Services, Docker, and Kubernetes. The students gained an understanding of the fundamentals of the above-mentioned topics.

In the initial days, the students were provided with theoretical knowledge followed by a hands-on session guided by the mentors. Each student was given a different assignment to be done on Tech Stack such as React, MongoDB, HTML, CSS, JS, Docker, and Kubernetes. The topics which were covered would be very helpful to the students for various assignments and works in future.

The valedictory program of the course was held on 06-01-2023 at Seminar Hall of Indira Shiva Rao Polytechnic College.

Activity report

On Saturday, March 4th, 2023, the Environmental Club of SMVITM conducted a workshop on Paper Pen Making for the students of SVH Kannada Medium High School Innanje in the school premises. During the workshop, the environmental club members discussed the environmental issues caused by the use of plastic and highlighted the drawbacks of using disposable pens made of polystyrene, which can take up to 500 years to decompose, and ballpoint refills made of transparent polypropylene, which can take up to 20-30 years to decompose.

To combat these environmental concerns, the club members introduced the paper pen, which uses refill made of plastic, comprising only 5% of the pen, while the remaining 95% is paper, making it an eco-friendly alternative. The club members distributed the necessary materials to the high school students, including used A4 sheet paper and refills. They then demonstrated how to make a paper pen, and all 40 high school students actively participated and prepared the paper pens following the guidelines given by the team.

The workshop concluded with the high school students expressing their commitment to using paper pens and promoting them to others. The Headmaster of the high school, Mr. Nataraj, and staff members were also present during the workshop and appreciated the Environmental Club members for conducting a useful workshop. They also assured the students that they would provide refills in the school's stationery so that the students could make their pens.

This workshop served its purpose of educating the high school students about the environmental issues caused by the use of disposable plastic pens and introducing them to the eco-friendly alternative of paper pens.

Dear Colleague,

As you may be aware, World Blood Donor Day is celebrated every year since the year 2004, throughout the world on 14 June. This is done to raise awareness of the importance of blood donation and to recognize the contribution of voluntary unpaid blood donors in saving lives and improving health. 14 June is the birthday of Karl Landsteiner (1868–1943), an Austrian biologist and physician, considered to be the "founder" of modern blood transfusion, who also discovered the ABO blood groups.

2. Every blood donation is a precious lifesaving gift and repeat donation is the key to building a safe and sustainable blood supply and achieving Universal Health Coverage (UHC). Access to safe and secure blood supply based on the voluntary non-remunerated donation is vital for management of accident and trauma victims, patients requiring surgeries, cancer patients, cases of bleeding during pregnancy and child birth, cases of anemia including those requiring life-long and regular blood transfusions for conditions such as Sickle Cell Anemia and Thalassemia etc. Voluntary non-remunerated plasma donations also play an important part in supporting patients with a wide range of long-term conditions such as Haemophilia and Immune deficiencies.

3. Celebration of World Blood Donor Day on 14th June 2023, is one of the activities under "Raktdaan Amrit Mahotsav" approved under Azadi Ka Amrit Mahotsav. The slogan for this year's World Blood Donor Day campaign is **"Give blood, give plasma, share life, share often."** It focuses on patients requiring life-long transfusion support and underlines the role every single person can play, by giving the valuable gift of blood or plasma.

The specific objectives of this year's campaign are to:

- Celebrate and thank individuals who donate blood and encourage more people to become new donors as well.
- Encourage people in good health to donate blood regularly, as often as is safe and possible, to transform the quality of life for transfusion dependent patients and help to build a secure blood supply in all Countries in the world.
- Highlight the critical roles of voluntary non-remunerated regular blood and plasma donations in achieving universal access to safe blood products for all populations.
- Mobilize support at National, Regional and global levels among governments and development partners to invest in, strengthen and sustain National blood programmes.

The suggested action plan for the event is as follows:

- To maximize registration of willing blood donors along with optimal blood collection.
- To spread awareness among rural masses, activities of felicitation of blood donor and pledge taking ceremony may be organized at Gram Panchayat level. The pledge can

- iii. The office of District Collector/District Magistrate may be involved to supervise the activities at the District Headquarter, Sub Division and Block level in the concerned district.
- iv. A pledge in English and Hindi or regional language for blood donation will be administered through both physical events at all levels and digital platforms. A template of the pledge in English and Hindi is enclosed which may be got translated into regional languages for wide dissemination.
- v. Facility for blood group testing may be made available on 14th June, 2023 at all PHCs/CHCs/sub-district and district Hospitals and other blood banks as per feasibility. This will help the common citizens to know their blood group which will be useful in emergencies for the purpose of blood donation. All Central Government Ministries, Hospitals/Institutions and Medical College (Government and Private) are requested to organize similar activities on 14th June, 2023.
- vi. Various activities towards promotion of blood donation namely pledging, poster and slogan competition through Government of India, digital platform namely MyGov have been initiated.

4. Accordingly all States/UTs are requested to organize activities to observe the event and disseminate the information widely among various stakeholders. Further it is requested, a report along with the photographs of the observance of the event may be sent to Nodal Officer of the campaign of Raktdaan Amrit Mahotsav, Dr. Anil Kumar, Additional DDG, Dte.GHS, MoHFW, Room No.550 A, Nirman Bhawan, New Delhi-110011 (Email id: dr.anilkumar@nic.in and Mobile Number: 9811637663).

A line of confirmation along with plan of activities would be highly appreciated.

Warm Regards

Yours sincerely,

VILLAGE ROAD IDENTIFICATION AND SURVEY: A PILOT PROJECT STUDY IN INNANJE VILLAGE

The Road mapping work was given by Prasanna H, CEO, Zilla Panchayath, Udupi District. The main objective of the work was to develop spatial and attribute database for the road network of Innanje Gram Panchayath by providing the GPS location of the road and measuring length & width of roads. The Civil Students completed the project and the following were outcomes. The study has been done for in and around Innanje gram panchayat covering 128 roads. Four major roads with their subbranch roads have been mapped and identified in Innanje Gram Panchayat.

1. Shankarpura to Kapu via Innanje Railway Station
2. Shankarpura to Kodithali Thingam via Undaru Shri Vishnumoorthy Temple
3. Shankarpura to Ranikere - Innanje fish market road
4. Bantakal to Undaru Shri Vishnumoorthy Temple via Innanje Grama Panchayath

For all above major roads and subbranch roads, the information about road name, type of road, coordinate points, length, sanctioned project details and connectivity was noted down. The following are the societal benefits from the above project.

1. Identifying illegal encroachment of lands for roads.
2. Planning for future road connectivity.

The Report of VILLAGE ROAD IDENTIFICATION AND SURVEY: A PILOT PROJECT STUDY IN INNANJE VILLAGE was submitted to **Prasanna H, CEO, Zilla Panchayath, Udupi District** in two phases on 17-08-2023 and 26-09-2023 respectively.

1. Introduction

Roads play a vital role in transporting goods and commercial needs for short and long distance. India has one of the 2nd largest road network in the world , of around 33.14 lakh km which consists of National Highways(NHs), State Highways(SHs), Major District roads(MDRs), Rural Roads(RRs) including other district roads and village roads. Rural road are the tertiary road system.

In India rural road are being planned and programmed in the favors of overall rural development and tried to provide all weather connectivity with some level of achievement. The main aim is to balance the connection and provide good facilities of roads as it's the key component of development. Since Independence government has taken major steps and planned accordingly to modernize roads and increase its area every day.

Innanje is a gram panchayat village in Kaup taluk, in the Udupi district of Karnataka state, India. The road from Kaup (NH-66) goes to Innanje. Innanje is 14.2 km from its district headquarters Udupi, 3.5 km from its taluk headquarters Kaup, 50 km from Mangaluru and 398 km from the state capital Bangalore. Innanje had a population of 3205 consisting of 1433 males and 1772 females in the 2011 census. Nearby villages (with distances) are Kurkalu (3 km), Kote (4 km), Mallaru (7 km), Belle (7 km), Manipura (7 km), Shirva (7 km) and Bada (7 km). Innanje has five residential areas or sub villages: Undaru, Madumbu, Kalyalu, Mandedi, and Pangal.

Few places of Attraction are Undaru Sri Vishnumoorthi Temple. Brahmalingeshwara Temple, Bermottu, Madumbu. Sri Dhoomavathi temple Kayalu. Maha Ganapathi temple Kalyalu. Dhanush Theertha (Renjala Rock), Ajilakadu, Madumbu. Paddy and coconut are the major agriculture products of Innaje. Innanje and Shankerpura are known for their jasmine flower cultivation. N.H-66 highway passes the village in Pangala. There is a konkan railway station in Innanje. The river Pangala, also known as Markody River belongs to Innanje.

Religion and ethnic groups: The majority of people belong to Hindu religion, Catholic Christians are found in Shankarpura. Among Hindus, Billava, Bunta, Vishwakarma, Devadiga, Brahmin, Adi Karnataka/dravida communities are prominent. Koraga Tribal people are also lives here.

OBJECTIVE: - The main intention of this study is to develop road information system so that it will be useful for solving complex issues, Decision making and management problems of rural roads in the study area.

The objectives are: -

- To develop spatial and attribute database for the road network of this study area
- To identify the name and sanction details of the roads in the study area
- To obtain the GPS location of the road
- To measure the length of the road

2. Methodology

Innanje road identification and survey is the main objective of the present study. In the initial stage cluster of roads were selected for the study. The baseline data of the roads were obtained by the available boards on the road and also by questions to the people and also by panchayat. The physical study of the roads was done to know the type of the road and the material used for the construction of the road.

The coordinate points of the road was obtained by the GPS location tracking device which will be helpful for the spatial distribution of the data using GIS on the map. The length of the each road was measure.

Principal

Four major roads with their subbranch roads have been mapped and identified in Innanje Gram Panchayat.

1. Shankarpura to Kapu via Innanje Railway Station [Road no 1 to - Road no 28, Road no 29 to Road 56 - Road near Kallu Gudde]
2. Shankarpura to Kodithali Thingam via Undaru Shri Vishnumoorthy Temple [Road no 57 to - Road no 87]
3. Shankarpura to Ranikere - Innanje fish market road [Road no 57 to - Road no 87]
4. Bantakal to Undaru Shri Vishnumoorthy Temple via Innanje Grama Panchayath [Road no 88 to - Road no 128]

The survey report obtained is shown in the table (page-5 to page no 12). The study has been done for in and around Innanje gram panchayat covering 128 roads. The table gives the information about road name, type of road, coordinate points, length, sanctioned project details and connectivity. The study shows that different types of roads are concrete roads, bituminous roads and mud roads. The concrete roads belong to Gram panchayat and are sanctioned by different bodies, majority of the mud roads are private roads connecting to the individual houses and the details of the roads are shown in the table.

The details of the location covered in the study area are shown in the map (Page-15 to Page 20). The images on page – 14 show the location details of the road. The road numbers are also shown in the map. The study identifies the different types of roads in the village along with the length which acts as a decision support system to take up the measures for rural road development. The road identification and naming also reduces the illegal road encroachment.
