Dear All,

PFA the final schedule of the St. Mary's College, Shirva coaching program scheduled from 07 to 09 Dec, 2020.  
 Note that there will be a formal inaugural function on 07 Dec, Monday at 9.30 am to 10 am  
 Our Principal will be attending this session and will be speaking on the occasion.

**Note:**

**Travel** - As St. Mary's College is around 7 kms from here, we request the trainers who have their own vehicles to travel on their own. For those who don't have their own vehicles, college will make some arrangement while going. However, request you to take the bus for the return journey.

**Appreciation Letters:** All trainers will be given Appreciation letters individually at the end of the program.

@Shetty Laxmi Rajiv ECE, note that only you will have sessions for 2 days as my topic will not need 2.5 hrs. Hence, have shortened my session to one hour increased yours to 1.5 hrs.

Pls contact me and inform me in advance if there is any contingency. Thanks

## Udupi: Placement linked training workshop held at St Mary's College Shirva

• 📅 Wed, Dec 9 2020 02:04:54 PM

*Daijiworld Media Network – Udupi (EP)*

**Udupi, Dec 9:** “It is necessary that students inculcate during their education the skills to face competitive examinations after degree education. It should be the priority of students to obtain information on available jobs and prepare themselves for them,” said Bantakal college principal Dr Tirumaleshwara Bhat, the chief guest.

Madhwawadhiraja Institute of Technology and Management, Bantakal and Shirva St Mary's College held a placement linked training workshop as per their agreement, at the college auditorium from December 7 to December 9.

“It is good to mould a bright future with a particular aim and intention in life obtaining the guidance and suggestions of the teachers. Students will be able to face big challenges if they develop skills and intelligence for them,” said college principal, Dr Herald Ivan Monis who presided over the programme.

### NATIONAL SERVICE SCHEME

#### ACTIVITY REPORT

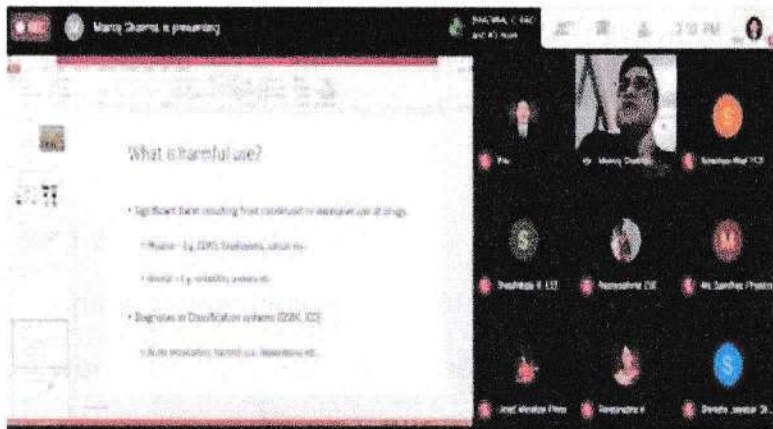

Academic Year	2020-21
Name of the Program	World No Tobacco Day-webinar on "Harmful effects of smoking tobacco in any form"
Date	31-05-2021
Department/Cell	NSS and Counselling Cell
Resource Person	Dr. Manoj Kumar Sharma
Target Audience	Faculty, Staff and Students of SMVITM
Number of Participants	75

National Service Scheme (NSS) Unit in association with Counselling Cell of Shri Madhwa Vadiraja Institute of Technology and Management, Bantakal organized webinar on "Harmful effects of smoking tobacco in any form" 31 May 2021 to mark the observance of World No Tobacco Day. Dr. Manoj Kumar Sharma, Professor, Department of Psychology, NIMHANS, Bengaluru was the resource person.

Dr. Manoj Kumar Sharma started his presentation based on this year's theme "Commit to Quit" and said that the aim of this day is to spread awareness about the dangers of using tobacco, to make tobacco users aware of the opportunity to lead a healthier life and how health problems can be tackled by doctors when one quits smoking. He explained ingredients in a puff of smoke and said, smokers are more likely to have heart disease, stroke, cancer, chronic lung disease and diabetes, all of which are important comorbidities for developing severe illness and adversely affecting the clinical outcome in COVID affected patients. He also gave some tips and guidelines to quit tobacco like (i) make a 'quit plan' and stick to it (ii) avoid stressful situations (iii) 5-min walk or stretch (iv) Nicotine-replacement therapy like chewing gum or skin-patches etc.

Dr. Thirumaleshwara Bhat, Principal; Dr. Ganesh Aithal, Vice Principal; Deans, HODs of various departments were present during the occasion. Mr. Nagaraja Rao, Coordinator NSS and Ms. Shashikala, Coordinator Counselling Cell, conducted the program. Ms. Ramyashree, Assistant Professor, Department of CSE welcomed and proposed vote of thanks. A total of 75 members including faculty, staff and students participated in the webinar.

The National Service Scheme (NSS), Youth Red Cross (YRC) and Rotaract Club (RC) of Shri Madhwa Vadiraja Institute of Technology and Management (SMVITM), Bantakal, celebrated the National Youth Day on 12 January 2021 to commemorate the 158th Birthday of Swami Vivekananda. Dr. Shivakumar Magada, Professor and Head, Fisheries Research and Information Centre, Hebbal, Bengaluru was the invited speaker on the occasion. Speaking on the NYD theme of year 2021 "Channelizing Youth Power for Nation Building", rather than just trying to get top marks in academics youth should understand and try to address the problems faced by the society. He motivated students to become pillars of their family by becoming self-reliant and should lead a cultured and worthful life which would be the greatest contribution to the country and the society. The Principal of the institute, Prof. Dr. Thirumaleshwara Bhat spoke about the importance of National Youth Day and told that youths does not lack in practicing celebration but there's lack of compliance in the same. Dr. C K Manjunath, Student Welfare Officer, deciphered the life of Swami Vivekananda. Students, Deans, HOD's, teaching and non-teaching staff members of various departments, NSS/YRC/RC Department coordinators were present in the occasion. The program commenced with the invocation by Ms. Prajna Y. The program was compeered by Ms. Chaitra G Shetty and Ms Niveditha Hebbar proposed vote of thanks.

ACTIVITY SUMMARY

Student (coordinator) name: Aninditha

USN:4MW18CS007

**Title:** Awareness on cyber law and cybercrime.

**Activity held at:** Innanje, Shankerpura, Subhash Nagara, Katpady and Bantakal.

**Objectives:**

1. To understand the level of digital literacy among people and to know the extent of utilization of the internet among them.
2. To analyze the level of awareness about cybercrime and cybersecurity among people.
3. To provide information on protecting against and preparing for cyber threats as well as detecting, responding and recovering from such threats and challenges.

**Description:**

Over the course of the activity, we have managed to cover over 138 houses (including shops). As part of the survey, a questionnaire was prepared that included basic questions like "Do you own a smartphone?" to more inquisitive questions like "Are you aware of response centers to reach out to, in the event of a fraud?". The questions were selected taking into consideration that not all households might have people who are technically active.

We began the survey by asking people their name and age and proceeded to demonstrate certain scenarios of possible frauds (like social media fraud or bank fraud) and asked them if they had ever undergone a similar situation. The responses from the interactions were recorded using excel sheets.

Based on the degree of awareness exhibited by the respondee, the team members explained the precautions to be taken in order to prevent being victims of cybercrime. The nature of crime that can be committed online and the steps taken to approach concerned authorities in such a situation were discussed with the survey takers.

At the end of each survey session, an acknowledgement was taken. We also clicked pictures at several houses only after obtaining the participant's consent.

**DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING**

**Outcomes:**

A basic understanding of the extent of knowledge/information of the participants regarding cyber law and cybercrime was obtained. When inquired about their experiences concerned with cyberspace, several people came forward to share stories of theirs or of people they knew who had been victimized.

The survey was centered to understand the extent of awareness of the participants regarding matters like cybercrime and cyber law. Most survey takers were within the age bracket of 20 to 65, occasionally with people over the age of 70. Based on the interactions with the people and analysing their responses, we have made the following observations:

- Over 75.3% of the participants make use of smartphones and nearly 70.28% of them are active users of the internet (mostly social media such as Facebook, WhatsApp).
- Over 59.42% of the participants owned credit/debit cards and performed online transactions.
- Only 19.5% of the participants were aware of guidelines and protocols to follow in the event of cybercrime. Most people claimed to receive assistance from their children or relatives.

The findings of the survey were put into a graph to give a clear understanding of the level of awareness among the participants. It is as below:

### ACTIVITY SUMMARY

Student (coordinator) name: Kavya Rao

USN: 4mw18cs036

**Title: Educating people about waste segregation and digital payment methods.**

Activity held at: Inanje , Shirva , Manchakal , Katapadi

#### Objectives:

1. To separately store recyclable material for reuse and to store hazardous waste.
2. To ensure that waste which can be processed for recovery of material and energy does not become co-mixed with undesirable elements.
3. Improve the ease of conducting card/digital transactions for an individual.
4. Reduce the risks and costs of handling cash at the individual level.

#### Description:

The world has been moving towards all things digital for some time now. However, the year 2020 put into perspective the dire need to adapt to digital technology as soon as possible. This adaptation happened almost instantly with the lockdown coming into effect, especially digital payment in India.

Waste sorting is the process by which waste is separated into different elements. Waste sorting can occur manually at the household and collected through curbside collection schemes, or automatically separated in materials recovery facilities or mechanical biological treatment systems.

#### Outcomes:

1. Exhibit basic knowledge about waste management and segregation of waste disposal.
2. Provide information about advancing technology in India regarding digital payments.
3. We got information about how much people know about current waste segregation methods and technology improvement.

DEPARTMENT OF COMPUTER SCIENCE & ENGINEERING

Learning from this activity:

1. Improved communication skill .
2. Gathered information about what people know about waste segregation and how much inputs we could provide.
3. Got to know how people react and support students.

## ACTIVITY SUMMARY

**Title:** Awareness on basic Computer Skills to Government School Students.

**Activity held at:** Christian English medium school and Primary School Athradi.

### Objectives:

- To foster among students an interest and confidence in using computers.
- Show positive attitudes for adapting to and coping with a changing society with widespread utilization of computers.
- To create an awareness of what the major components of computer are and how they act as a system.
- To provide basic knowledge of using computers to students who come from rural and economically weaker sections of the society, thereby enhancing the overall quality of education by providing adequate resources.

### Description:

1. Computer education is a part of school curriculum in nearly all the private schools, however a lot of government, semi-government educational institutions in our country are still deprived of quality computer education.
2. There are many reasons, unavailability of working and well-maintained computer lab continues to remain one of the foremost reasons.
3. Computers can make process of learning interesting as well as knowledge rich.
4. It can attract the students to learn progressively, resulting in more individuals having multiple options of going towards higher education, computers create opportunities for them in today's job market by enhancing the quality of education being given to them.

### Outcomes:

- Microsoft Word is the de facto standard in business for creating documents such as letters, invitations, term papers, flyers, resumes, novels and other documents.
- PowerPoint enables you to create dynamic presentations through the use of text, graphics and animation. Slide presentations created with the software are often displayed on projection screens for business, training or educational presentations.

- Excel is a spreadsheet application, typically used to display and manipulate numerical data. Microsoft Excel provides data organization and analysis tools that enables you to sort, extract and generate charts from spreadsheet data.

#### **Learning from this activity:**

- Microsoft Office products help improve work efficiency with user friendly features that enable easy and secure information sharing.
- This Microsoft Office training is suited for anyone who wants to improve their skills and master Microsoft Office.
- This short-term course aims at making participants experts in the most widely used application packages of MS Office suite.

National Service Scheme (NSS) Unit of Shri Madhwa Vadiraja Institute of Technology and Management, Bantakal had organized **"Covid-19 vaccination awareness drive"** against Corona virus. More than 500 student volunteers actively participated and rendered their service in and around the college, Shankarpura, Udupi and near to their places. These students motivated, guided the people whose age group is above 45 to take vaccine, its usefulness and also created awareness amongst them.

The vaccination awareness drive was started on 11 April which was the birthday of Jyothibha Phule, where student volunteers motivated only ladies to take the vaccine and ended the drive on 14 April which was the birthday of Dr. B. R. Ambedkar where students created awareness amongst backward community people, working people and employees and celebrated their birthday in a useful manner as per the guidelines received from the Central, State government and the University.

Mr. Nagaraja Rao Coordinator, NSS had organized awareness drive. Mr. Ganesh Shetty, Mr. Madhusoodhan Rao, Mr. Madhukar Nayak, Ms. Ramyashree and Ms. Nisha Reena Nazareth had participated in the awareness drive and motivated the students.

#### ACTIVITY SUMMARY

**Title: Jasmine Wage Calculator**

**Activity held at: Shankarpura, Modubelle, Marne, Shirva**

*Anush B*

**Objectives:**

- To educate people to manage the accounts through the app rather than the traditional way of managing the accounts through the book.
- To ease the process of maintaining the cost related to the product without any mistakes.
- To help people to adapt to the modern thinking of society.
- The process of searching, adding and maintaining the records becomes easier and convenient.

**Description:**

Developing the application with the simple and the informative user Interface so that it could be easily understood by anyone and to implement the use of the mobile application to maintain the amount that is to be given to the farmers at the end of the week. To also maintain the varying cost of the flower day by day and to provide the billing structure to the farmer at the end of the week. This application makes maintaining a record a lot easier than the traditional way of storing the information in the books.

**Outcomes:**

By using the application developed they can adapt to the modernization of the day to day activities. By the using the application it helps with the efficient usage of the time. Entering every individual's information in this application is easier than the traditional way of entering the information in the book. The application provides a detailed bill at the end of the every week. The chances of misplacing the book is more but the chances of losing the data in this application is unrealistic. Finally introducing small application like this increases the villager's enthusiasm to use the modern technology or methods for their small scale business.

**Learning from this activity:**

- Interaction with the people related to application development
- Experience in developing small scale applications.
- Being able to undertake and manage small scale assignments.

### ACTIVITY SUMMARY

Student (coordinator) name: Kripashree Bhat

USN: 4MW18CS038

#### Title:

Activity held at: T.A.Pai E.M.H.S. Kunjibettu, Udupi.

#### Objectives:

1. In this workshop, the participants will be introduced to Python from scratch.
2. They will be able to write loops, create functions and use conditions to solve complex problems.
3. Participants will gain knowledge of Python Programming and learn to develop projects on their own.
4. The workshop will help them grow their knowledge of coding and all of these fundamentals apply to other real-world programming languages too.

#### Description:

The course is designed to provide an introduction to the Python programming language.

The focus of the course is to provide students with an introduction to programming, I/O, and visualization using the Python programming language. Python Workshop is great for teaching coding fundamentals through a real-world programming language. There are five core concepts that the student will learn that will help build a solid foundation in Python :

1. Data Types
2. Variables
3. Functions
4. Loops
5. Modules

programming, and more. They'll also explore the graphical capabilities of Python too, creating some applications and solving real-world problems through programming.

### Outcomes:

1. Python is one of the most important languages in the world of computer programming.
2. This is because of its widespread application in the fields of Machine Learning, Data Science, and Data Mining.
3. The outcome of this workshop will enhance the knowledge of students in the field of Python Programming.
4. This workshop will help the students to learn Python from scratch and it will help them grow their knowledge of coding and other fundamentals.
5. They will be able to write loops, create functions and use conditions to solve complex problems.

### Learning from this activity:

1. Students will gain a basic understanding of object-oriented programming and enhance their critical thinking and problem-solving skills as they learn to design, code and debug Python programs.
2. They will get hands-on experience with a real-world programming language and will learn the fundamental concepts of programming.
3. They will be able to apply the basic programming principles they mastered to learn other programming languages.

14-July-2020	Basic designing and working of the website was shown with the help of a development server which was hosted on infinityfree.net to explain the working of the website. Suggestion was given to add a few fields on the treatment page namely comments. And removal of background images was suggested and to improve the design.
3-August-2020	Redesign of the project was shown and few more improvements in design was suggested and auto-suggest of few fields was also shown. Edit of practitioner data, plant data and treatment data was suggested . Searching of the plant, treatment and practitioner information was suggested with improvement in Report also suggested.
15-Sep-2020	New web pages for Edit plant, edit practitioner, edit treatment was displayed with improvements of in Report. Searching of the plant , practitioner data was also introduced with improved design. New feature of auto search was also introduced. New set of sample data was explained and a redesign of the Plant and Treatment Table was suggested. In the newer table one Disease of a practitioner should hold more than one treatment was suggested.
10-Oct-2020	The restructured website was introduced. They requested features like inserting images of plants and practitioners. Improvements in searching was suggested .
31-Oct-2020	New feature of adding and displaying an image was shown to clients with improvements in search. They Requested for a about us page and searching plant/practitioner information based on district was requested.

### **Detailed report on the activity:**

The Unnat Bharath Abhiyan Cell of Shri Madhwa Vadiraja Institute of Technology and Management, Bantakal in coordination with Department of BCA, St Mary's College Shirva had organized a One day workshop on "Python Programming". The workshop was held at St Mary's College Shirva.

Dr. Nagaraj Bhat Head of Computer Science and Engineering SMVITM Bantakal was the Chief Guest of the program. During his talk he stressed important role of python programming in designing software. Lieutenant Shri K. Praveen Kumar, Head of Computer Science Department, St Mary's College, Shirva Pointed out contribution of python in Data Science and Artificial Intelligence in his opening address. Dr. Herald Ivan Monis, Principal St Mary's College, Shirva presided over the program.

The workshop was conducted from 9.30 AM to 4.30 PM. The various topics related to Python Programming were covered by the resource person. Mr. Sharath Kumar, Assistant Professor (Senior), CSE Department, SMVITM, Bantakal had explained the topics, Importance of Python programming, Flow Control, Iteration and Implementation of various Python Data Structures. Mr. Vikram Girish Thunga, Ms. Vaishnavi D, and Ms. Viashnavi Bhat of pre final Year Students, CSE Department, had helped students in hands-on exercise.

Mr. Sharath Kumar departmental coordinator of Unnat Bharath Abhiyan Cell and Dr. Nagaraj Bhat Head of Computer Science, Shri Madhwa Vadiraja Institute of Technology and Management, Bantakal along with Lieutenant Shri K. Praveen Kumar, Head of Computer Science Department, St Mary's College, Shirva had organized and coordinated this workshop.

## ACTIVITY REPORT

Academic Year	2020-21
Name of the Program	"Awareness program for Farmers"
Date	21-11-2020
Department/Cell	NSS Unit & Department of Civil Engineering
Resource Persons	Dr. Jayaprakash, Dr.Dhananjay B
Target Audience	Farmers and Public
Number of Participants	50

Civil Engineering department of Shri Madhwa Vadiraja Institute of Technology and Management in association with National Service Scheme (NSS) and Krishi Vijnana Kendra, Brahmavara organized an awareness program for the farmers from the neighboring villages on 21 November 2020 at the college premises.

Resource person Dr. Jayaprakash, Scientist, K.V.K Brahmavar addressed the farmers regarding the soil health and fertility. In his address he has explained the problems faced by the farmers in coastal region due to the temperature and saline nature of the soil. He encouraged the farmers to inculcate the habit of adapting organic composting techniques to enhance the fertility of the soil for the longer run.

Another resource person Dr. Dhananjay B, Scientist, K.V.K Brahmavar gave inputs on adaption of scientific irrigation techniques by giving an illustration of mulching sheet usage. Dr. Chaithanya, Scientist K.V.K Brahmavar stressed upon the scientific approach for the cultivation of jasmine flower. Dr. Sachin, U.S Scientist gave awareness on diseases and usage of pesticides in jasmine flower cultivation.

Dr. Thirumaleshwara Bhat, Principal, Dr. Ganesh Aithal Vice Principal, Shri Ramakrishna Sharma, Jasmine cultivator were present in the program. Dr. Sandeep Nayak, Head of the Civil Engineering department organized the program.

Date	14-06-2021
Department/Cell	YRC Wing and NSS Unit
Resource Person	Dr. Sharath Kumar Rao J
Target Audience	Faculty, Staff and Students of SMVITM
Number of Participants	90

The Youth Red Cross (YRC) Wing in association with NSS Unit of Shri Madhwa Vadiraja Institute of Technology and Management, Bantakal celebrated the "World blood Donor Day-2021" on 14 June 2021 which was held virtually called "stay tuned stay safe". Dr. Sharath Kumar Rao J, senior consultant and HOD Department of Immunohematology and Transfusion medicine, a regional Blood Transfusion centre at Wenlock District Hospital, Mangalore, was the resource person of this session. Dr. Sharath Kumar gave information about Blood donation and also quoted that "THE LIFE OF THE FLESH IS IN THE BLOOD". He mentioned that the minimum age for donating blood is from 18-65 years and people weighing below 45kg are not supposed to donate blood. Men can donate blood 150 times in his lifetime whereas women can donate blood thrice in a year which means once in a 4month. Speaker also gave a brief idea about a different type of Antigens and Antibodies present in blood cells and gave a piece of information about different types of blood leaving a common A, B, O blood group. He also mentioned different types of transfusion like Plasma transfer; Platelets Transfer, Stem Cell transfer and he said that these are also some of the important transfusions. He had answered some of the queries with respect to blood donation and blood transfusion methods and answered some of the queries with respect to vaccination like why should a person shouldn't donate blood after his vaccination and he also said why the plasma transfusion was done for the covid positive patient by taking plasma from the recovered covid patient. The session was very interactive gained a piece of knowledge about blood donation and blood transfusion. More than 90 students including Deans, HOD's, teaching and non-teaching staff

Dear Sir

**Sub: Letter of gratitude**

This is to place on record, our sincere appreciation and gratitude to **Dr. Sharath Kumar Rao J** for the interaction session "**stay tuned stay safe**" conducted on 14 June 2021 on account of world blood donor day-2021. The interaction session was very interesting and helped us in many ways to understand about the importance of blood donation.

On behalf of the faculty & staff members and students of SMVITM, I express my heartfelt gratitude for conducting a much needed and very useful program to our faculty/staff members.

We look forward for you continued support towards the growth of SMVITM.

With best regards
