Report on visit to Shri Matha Industries, Katapady

Academic Year	2022 - 23
Name of the Program	Visit to Shri Matha Industries, Katapady
Date	18 January 2023
Participating students	5 th semester students of Mechanical Engineering
Resource Person	Mr. Narasimha Pai, Proprietor, Shri Matha Industries, Katapady
Number of Participants	13

The Department of Mechanical Engineering, Shri Madhwa Vadiraja Institute of Technology and Management, Bantakal in association with Entrepreneurship Development Cell of the institute has organized a visit to Shri Matha Industries, Katapady on 18 January 2023 for the benefit of 5th semester students of Mechanical Engineering.

Shri Matha Industries is the leading manufacturer of paper cups and plates in the locality. Young entrepreneur and our proud alumni Mr. Narasimha Pai established this industry in the year 2015.

The visit was organized to facilitate the students to carryout case study as a part of Management & Economics course. The students have gathered the required inputs for their case study.

Dr. Sudarshan Rao K, Dean (Quality Assurance) and Professor of Mechanical Engineering coordinated the visit. Mr. Ravinarayan R Rao and Mr. Ananth M Mallya have accompanied the students.

Indian Machine Tool Manufacturers' Association (IMTMA) organized the seventh edition of Asia's largest exhibition on metal forming – IMTEX FORMING 2022 and concurrent Tool tech and Digital Manufacturing at Bangalore International Exhibition Centre (BIEC) in Bengaluru from June 19 - 20, 2022.

The Department of Mechanical Engineering in association with ED cell of SMVITM Udupi organized a visit to the IMTEX Forming exhibition in Bangalore for 4th-year students of Mechanical Engineering on 19/06/2022.

The students visited all the stalls and saw the working procedure of the various CNC machines, Dies and Presses, Welding machines, Bending Machines, and Forming Machines, and also interacted with the technical and marketing executives regarding processes and job opportunities. The students also collected brochures and visiting cards from various companies to establish contacts in the future.

On 20/06/2022 students visited AMS Ltd Bangalore. The resource persons explained each component of the CNC Milling and CNC lathe Machines such as bed, Headstock, tool post, carriage, etc.

The resource persons also explained the complete assembly process of CNC vertical machines, horizontal machines & drill tap machining centers. The company has expertise in manufacturing CNC Vertical Machining Centers, Horizontal Machining Centers, Twin Spindle Machining Centers,

Number of Participants	29

Detailed report on the activity

The EDC cell had organized an industrial visit to Chaamundeshwari Stone crusher unit at Hampankatta Phalli and Stone cutting unit at Karkala on 17th September 2019. The trip was organized for second year students of Civil engineering department. In the first trip students have visited aggregate manufacturing unit, they have learnt how quarrying process will take place, starting from blasting, precautionary measures before blasting and detonators used for blasting purposes. Later they were taken to the control unit of the crusher and conveyor belt and its working sequence. Students have also learnt how the primary and secondary crushing unit works for the manufacture of various sizes of aggregates. Detailed operation of M-Sand manufacturing unit was demonstrated by the proprietor Mr. Chandrashekar Shetty and interacted with the students

Second visit was to Mahalingeshwara stone works at Karkala, where students have witnessed various types of stone cutting machines and different types of stone surface finish and carvings.

Total 29 students from second year civil engineering students have benefited from this ex

Dear Ms. Anitha and Ms. Adithi,

Thank you for facilitating our students to have a visit to Infosys Campus, Mysuru on 28 April, 2019. It was great experience for them. Some will be in that campus soon after their course completion as trainees and hope others are inspired to try to join.

You made our industrial visit worthy and ever remembering. Moreover it made the industrial visit in real sense.

Thanks once again.

As part of this industrial tour they visited prominent organization like Infosys Limited, Mysore, Skanray Technologies Ltd, Mysore and Master Control Facility, ISRO, Hassan.

On 28 April students were taken throughout the Infosys, Mysuru campus in order to make them realize the corporate culture and life in a Multinational company. The students were escorted by the employees Ms. Anitha B. S. and Ms. Adithi Hegde to various facilities provided for the employees at Infosys Limited, Mysore. Students gained a lot of inputs on corporate life by their interaction with the employees @ Infosys.

infosys.

On 29 April student visited Skanray Technologies Pvt. Ltd. Initially students visited the corporate office near Hebbal lake Mysore, where they attended a seminar on development of health monitoring systems by Mr. Vishwaprasad Alva, MD of the company. Following the seminar they were taken throughout the production unit of various X-Ray based products of the company. Students even had good interaction with the designers of those systems. Later students were taken to the development plant which was residing in another location and a brief introduction was given on R&D initiative at Skanray technologies and various product range of the company available in the market over 80 countries. Post lunch students were taken throughout the establishment and were exposed to various production units. Mr. Prashanth escorted the students through various facilities offered by the company. Students gained a good overview on product based company in general and Health care technologies in particular.

On 30 April students were fortunate to visit one organization of India's pride the Master control facility (MCF), ISRO Hassan. Initially they were given a brief introduction on India's Space program and the role of MCF in monitoring the Satellites. Later an elaborated video was shown explaining various work done at the MCF and also on the progress achieved by ISRO in the Past 50 years. The session was concluded with a Q&A session with the MCF officials.

During the visit at Mysuru, students also visited the places of historical importance at Mysuru. On the way back students visited the Historical 12th century monuments the Hoysaleshwara temple in Halebeedu and Channakeshava temple in Beluru cities of Hassan district.

Students had a good learning experience in these three days and it really benefited them to understand the work culture in an organization and their role as a future technocrat contributing for the development of the nation.

Udupi Power Corporation Ltd.,

Nandikoor

Dear Sir,

Subject: Industrial visit by VII semester Electronics & Communication students at your esteemed organization in the month of September 2018.

Shri Madhwa Vadiraja Institute of Technology & Management (SMVITM) was established in the year 2010, under the auspices of Shri Sode Vadiraja Mutt Education Trust®, Udupi. The Institute offers four year undergraduate courses leading to BE degree in Civil, Computer Science, Electronics & Communication, and Mechanical.

As part of their course curriculum, for an orientation to various industries, the students are required to undergo Industrial visits in organizations of repute.

In line with the above, we request you to kindly permit our students of VII semester, Electronics & Communication Engineering, to visit your industry premises for their learning experience.

The student's list is attached with this letter.

A line in confirmation would be appreciated.

Thanking you,
With best regards,

Vidya Bhat

ACTIVITY REPORT

Academic Year:	2018-19
Name of Activity:	Industrial Tour to Kaiga Nuclear Power Plant
Date:	29 & 30 March 2019
Target Audience:	4th year ECE students
No. of participants:	42 students

Department of E&C Engineering in association with ED Cell of SMVITM, organized an industrial tour to Kaiga Nuclear Power Plant on 29 & 30 March 2019. Forty two students of final year ECE along with 5 faculty & staff members participated in the tour and enriched their knowledge. During the visit, the Kaiga authorities escorted the students around the plant and explained the various sections of the power plant and the theory behind nuclear power generation. On the way to Kaiga, and while returning, the students and faculty visited Murudeshwara Temple, Mirjan Fort, Karwar Beach and Kadra dam. Sr. Assistant Professor Mr. Sachin Prabhu coordinated the tour.

Dear Students,

I wish you all happy time during the industrial visit to Infosys Campus at Mudipu. Show the maximum dignity and professionalism in your behavior and attitude (Need not say, you will). The interaction must bring Infosys to our campus for all possible academic benefits. I wish some of you must welcome your juniors there and show the campus in coming years.

Dont forget your ID card, Be formal and decent in dress. Do not delay in starting and returning. Please bear the travel expenses (Max. Rs. 150/-).

Use this opportunity to the best of your abilities and open up for more such opportunities.

Thanks and Regards...

Dear Sir/ Ma'am

Through this mail I would like to introduce to you Mr. Aditya Kudva S, Assistant Professor, Department of Mechanical Engineering, Shri Machwa Vadiraja Institute of Technology and Management, Bantakal...

We are planning for a industrial visit for our 2nd year (3rd sem) students... Since, they are studying a subject Metal Casting and Welding in the present semester it would be very useful for the students if you permit us a visit to your esteemed organization, Lamina Foundries Ltd. I had visited Lamina Industries for the previous 2 years along with my students and the students have found it to be very useful... Hence, we are keen on continuing this healthy practice...

These are our convenient dates for the visit:

- 3/10/2018
- 4/10/2018
- 6/10/2108

The convenient time would be during afternoon (between 1:30 p .m. and 4 :30 p .m)...

Please confirm regarding the visit along with your convenient date and timing... There are 82 students who shall visit the plant along with 2 or 3 faculty members...

Hope you will accept our request...

Thanks and Regards

Dear Sir/ Madam,

Subject: Request to permit V Semester Mechanical Engineering students for an Industrial Visit to Varahi Power Plant, Hosangadi, Udupi District.

Greetings from Shri Madhwa Vadiraja Institute of Technology and Management.

Shri Madhwa Vadiraja Institute of Technology & Management (SMVITM) was established in the year 2010, under the auspices of Shri Sode Vadiraja Mutt Education Trust®, Udupi. The institute offers four year undergraduate courses leading to BE degree in Civil, Computer Science, Electronics & Communication, and Mechanical.

As part of their course curriculum and their own personal development, the students are required to undergo Industrial visit in Organizations of repute.

Hence, I request you to kindly permit our 67 students of V semester Mechanical Engineering along with two faculty members, for an Industrial visit to **Varahi Power Plant, Hosangadi, Udupi** on Wednesday, 23rd October 2019.

Thanking you,

With best regards,

Industrial visit has its own importance in a career of a student who is pursuing a professional degree. It is considered as a part of college curriculum. The objective of an industrial visit is to provide students an insight regarding internal working of an organization. With an aim to go beyond academics, industrial visit provides students a practical perspective of the work place. It provides students an opportunity to learn practically through interaction, working methods and employment practices. It gives students an exposure to current work practices as opposed to possibly theoretical knowledge being taught at college.

Industrial visit helps to combine theoretical knowledge with practical knowledge. Industrial realities are opened to the students through industrial visits. In this concern, Department of Mechanical Engineering, under the banner of Entrepreneurship Development Cell, ISTE Student Chapter and Yantrika Student Club, has organized an industrial visit to Varahi Hydro Electric Power Plant on 23-10-2019.

DEPARTMENT OF MECHANICAL ENGINEERING

Varahi Hydro Power Plant is located near Hosangadi in the Udupi district of Karnataka in India. The power project is commissioned in 1993 with an approved and installed capacity of 460 Megawatt. The type of Hydro Electric Project is major as the capacity is greater than 25 MW and the type of Powerhouse is underground. The source of water for the generation of power is Varahi River. The power plant is owned by State Government and the operating organization is Karnataka Power Corporation Limited.

The Varahi underground power house has two stages with four generating units and is an engineering marvel as it is an underground powerhouse built by excavating a huge rock. A huge cave with a width of 20 meters and height of 30 meters is built for a length of 155 metres to house generation units and related components nearly 78 metres below the ground level. In addition to this, nearly a km-long access tunnel has been excavated. Power plant consists of 4 High Head Pelton Turbines and the capacity per turbine is 115 MW (4 Units x 115MW = 460 MW).

The team of 61 students accompanied with Mr. Kiran N Bhat, Assistant Professor, Department of Mechanical Engineering and Mr. Karthik V, Assistant Professor, Department of Mechanical Engineering, visited the plant and gained practical knowledge with the co-ordination of a plant Engineer. Students were very glad and expressed their gratefulness to the management, Principal, HOD, faculty and staff members for the great support and encouragement.

Detailed report on the activity

The EDC cell had organized an industrial visit to harbor at Malpe and RMC unit at Manipal on 23rd October 2019. The trip was organized for fourth year students of Civil engineering department. In the first trip students have visited harbor at Malpe, They have learnt type of material, size and shape adopted for the construction of break waters. Students have also learnt method of piling and concreting work for the construction of Jetties. Detailed construction of these units was demonstrated by Mr. Shiva Kumar, AEE, Fisheries and Harbor Department, Malpe and interacted with the students.

Second visit was to RMC unit at Manipal, where students have witnessed various types of aggregate storage unit, batching machine for cement, aggregate and admixture. They have learnthow concrete mix design will be conceded for normal concrete, fiber reinforced, light weight and self-compacting concretes. Later, how strength test is carried out for different concrete mix design to achieve target strength. Detailed operation of RMC unit was demonstrated by Mr. Nagesh and interacted with the students. Total 50 students from fourth year civil engineering have benefited from this excursion.
