Dear Sir,

**Sub: - Proposal for conducting Revit Architecture, Staad Pro &
Primavera training program for students.**

Greetings from EduCADD Udupi.

We Thank you for giving the opportunity to conduct the Skill Development Training to your students from last 5 years. We are happy that during this period we successfully conducted the classes in your esteemed Campus.

In continuation with the discussion, we had with HOD - Civil Engineering, Shri Madhwa Vadiraja Institute of Technology and Management, Bantakal and Mr. Abhinav Hegde, Centre Manager EduCADD, Udupi, we are happy to give our best proposal for Revit Architecture, Staad Pro & Primavera Courses.

We would like to introduce ourselves on pioneer in imparting Design training education in the field of Civil, Mechanical and Project Management. EduCADD Udupi has its more than 100 training institutes across India and abroad.

EduCADD is specialized in conducting training in various CAD Software solutions including Revit Architecture, 3DS MAX, Staad Pro & Primavera having its branch of business at 2nd Floor, Hayath Towers, Above Jockey Showroom, Near City Bus Stand, Manipal Road, Udupi.

Objectives of Revit Architecture: -

- Revit Architecture course empower you with the powerful features of Revit.
- Course aims to make participants more productive by giving them the ability to produce drawings and redefine images of buildings and help navigate user interface, architectural objects such as floor, walls, roofs, windows, and stairs.
- This course will assist in the creation of schematic design through construction documentation.
- Completing this course students and professionals can work with BIM technology and look for designations such as Revit technicians (Architecture) or Revit BIM modelers and Interior BIM professionals.

Objectives of Staad Pro: -

- Certification program in Staad Pro will help students and professionals to learn and master Staad Pro software.
- The candidates will also learn the basics of Analysis and Design along with Structural Detailing.
- The powerful course will increase the productivity and performance of the individual.
- The primary objective of this course is to teach students the essentials of working in the software using an array of features and tools.

Objectives of Primavera: -

- Certification program in Primavera will help students and professionals to learn and master the Project Planning & Management Software.
- The candidates will learn Planning, Scheduling & Updating the project by using the Software.
- The course will also help individuals to estimate the Cost of the Project.
- The objective of this course is to Plan & Execute the Project.

STAAD PRO CURRICULUM

- Introduction to Staad Pro
- Classifications of Structures
- Structure Geometry and Co-ordinate Systems
- How to generate Joints and Members
- How to assign Structural boundary conditions
- How to generate Loads and Load combinations
- Linear Static Analysis
- How to generate Elements and Element Mesh
- How to generate Elements Loads
- RCC Design as per IS456 (Beams, Columns and Slabs)
- Steel Design as per IS800

PRIMAVERA CURRICULUM

- Introduction to Project Management
- Understanding Project Context and Parameters
- Creating Enterprise Project Structure (EPS)
- Organizing Breakdown Structures (OBS)
- Creating Projects, Activities, Calendar
- Network Analysis: CPM
- Scheduling the Project
- Work Breakdown System (WBS)
- Codes- Activity, Project Resources
- Resources Definition and assigning Resources to Activities
- Levelling Resources
- Creating baseline and assigning to Project
- Updating the Project
- Generation of Reports

Keeping in view the value additions during the academic progress of the students and towards creating better awareness and protégé of CAD Software to enhance their employability skills. We kindly request you to accept this proposal and commence the courses on mutually agreeable dates.

Hope you will kindly do the needful and oblige

Thanking you

Yours sincerely
