Shri Madhwa Vadiraja Institute of Technology & Management
Bantakal, Udupi

Founded in 2010 by H. H. Shri Vishwavallabha Theertha Swamiji of Shri Sode Vadiraja Mutt – one of the 700 plus years old Ashta Mutts associated with the world famous Shri Krishna temple of Udupi in Karnataka – Shri Madhwa Vadiraja Institute of Technology & Management (SMVITM), situated at Bantakal in Udupi has carved a niche for itself in imparting quality engineering education in the coastal Karnataka region. Shri Swamiji started the Institute with the sublime objective of providing quality higher education to the needy student community at affordable costs. The motto Engineering your Career and Character with Care well reflects the objectives and philosophy of the institute. Despite being one of the youngest Institute in the region, SMVITM has made remarkable strides in its journey towards excellence over the past five years and has emerged as the most promising Engineering Institute with its well-qualified and motivated faculty, state-of-the-art infrastructure and distinguished learning-centric facilities.

At present, SMVITM, with a total student intake of 441 per year, offers Bachelor of Engineering (B.E.) courses in Civil Engineering, Computer Science & Engineering Electronics & Communication Engineering and Mechanical Engineering. Currently, 1562 students are pursuing their engineering education at the institute. Despite being located in a rural area, SMVITM ensures that its students are well trained in existing engineering practices and acquainted with the latest industrial trends.

The campus is conveniently located at Bantakal, which is about 6 km off the stretch of NH 66 that connects the coastal cities of Mangaluru (Mangalore) and Udupi. The Institute is affiliated to Visvesvaraya Technological University, Belagavi; approved by the All India Council for Technical Education, New Delhi and recognized by the Government of Karnataka.

The Institute is growing fast, scaling greater heights by concentrating on excellence in education, research and promotion of placement & entrepreneurship through industry-academia tie-ups and value added programs. The Management and the Academic Administration have been steadfast in their commitment to make SMVITM one of the niche Engineering Institutes in South India in the near future.

Trainer's Feedback:

The overall feedback of the JVGlobal Services LLP Trainers for the Campus to Corporate Training Program- Phase I at Shri Madhwa Vadiraja Institute of Technology and Management, Bantakal was very positive. The students were good, interested, attentive and disciplined.

It was observed that most of the students are dedicated and were participating throughout the training. Few Mechanical Engineering students showcased disinterested & were restless during the training.

It was found that most of the students need to be revised on basics of Maths. Most of them found it difficult to solve simple basic calculations which they should be apt at.

They need to work hard on their Communication Skills, Basic English- Grammatically correct. They also lack in General Knowledge. Though the students were interested, it was felt by all the Trainers that all the students need to be self motivated and do serious practice to have a good start with their careers.

Overall behaviour of the students is good & they are trainable.

Trainee's Feedback:

The students mentioned that training will be certainly of a help to clear Aptitude test and Interviews in future. Few students have got the insight about how to crack competitive exams like GATE, GRE etc. They also mentioned that the topics covered were relevant and useful; trainers were knowledgeable about the subject and very good in teaching. All the trainers interacted with the students.

Students expressed their happiness that college has taken good initiative by organizing such trainings. The students mentioned that the Training sessions have built confidence within them. Overall they learnt lots of concept in aptitude and helped them to improve their communication skills. They were very much excited to learn short cut methods to solve aptitude problem. Many students showcased interest to attend such training program in future too.

They felt that this Training by JV Global Services LLP would definitely help them in their campus placements.

Dear Sirs,

Based on the feedback shared by Vasudev sir on the training pace being slow for some students during last sem training with Zestech, we discussed this matter with our new training partner JV Global, Bangalore.

Further to our discussion, we have mutually decided to assess the students through a pre assessment test and basis their performance, group them accordingly into 3 batches as advanced, intermediate and slow learners.

The Classroom session of the Training is scheduled from 5th to 9th August 2019, 5 days. We need to conduct the pre assessment test 5-6 days in advance for the agency to assess and group them accordingly.

Hence request a date between 29th July to 2nd Aug and Lab facilities for 180 students of CSE and ECE students. The test duration is 2 hrs.

For your permission and date please at the earliest.

Good Wishes,

Vidya Bhat

Dear Sirs,

Please find attached the JV Global training report for the 5th sem students along with test results & attendance for your kind perusal. Some highlights

The Training need Analysis was based on the observations of the previous batch of students and gaps seen among senior students.

The objective of the training was to conduct career related Aptitude and Life skills to equip students to be holistically ready for placements as they reach 7th sem keeping in mind certain gaps

Gaps:

- Poor mathematical foundations among most students.
- Falling attendance during the Classroom training period
- Poor self esteem and confidence among many students.

Perceived Solution:

Discussing these issues with the Training partners, we came to the conclusion that the Training program could be improved by

- Brushing up High School Math to strengthen their foundations
- Make every module of Classroom session accessible to the students through an online portal(video) - Placement Season/Examly so that they prepare for the missed class and can be up to speed with the rest if they are absent for those sessions
- Online practice tests to build Aptitude proficiency
- Life skills session to help them overcome their inhibitions, build confidence and exposure over time.
- Divide the students after the first phase into 3-4 batches depending on their performance so that the training pace can be adjusted to their capability so that high performers can be trained better and placed better.
- Identify remedial actions for the slow learners
- Practice tests online will be open till end of Sept so that students can attempt all the tests.
- A mechanism to increase attendance: 85% Attendance is mandatory, which includes Classroom sessions as well as practice tests. There are 32 practice tests online totally in the first phase. The students will be fined Rs 1000/- if they do not get the minimum attendance over the 4 semesters.

The First Phase of Training - Summary:

A pre test was conducted for the students to check their level of understanding. The reports of this are attached.

A total of 256 students attended the Aptitude and Soft Skills training of JV Global, organized for the 5th sem students of CSE, ECE and Mech branches

The training topics is planned for 4 semesters, with its completion within 3 semesters(within early 7th sem).

The training was earlier scheduled for CSE and ECE branches only. However, with the Mechanical students taking the initiative and interest to attend the training, a fourth batch was made for these students exclusively.

The training was held from 05 Aug to 09 Aug 2019- 5 days of 6 hrs each Each session was of 2 hr duration.

The trainers were asked to focus on Short cut methodologies to help students learn to solve problems faster. Course materials were provided in the form of printed workbook with exercises.

Oral feedback on an every day basis by the trainers and written feedback on the last day of the training was also taken to get a review of the training sessions

The practice tests window will remain open till September end for all the students to be able to take it at their own pace and convenience.

Note: The Trainers feedback highlighted one additional gap which I had not considered earlier Lack of General Knowledge

Details of the topics, trainers, methodology, attendance module wise, trainers feedback, etc is shared in the attached files.
