<p>3.</p>	<p>The Program Coordinator in his presentation highlighted the following points</p> <ul style="list-style-type: none"> • Overview of Outcome Based Education (OBE) • The Program Coordinator has read out the Course Outcomes (CO) attainment of the courses of 3rd, 5th and 7th semesters of the academic year 2021-22. It is found that, in some of the numerical oriented courses like BTD, MOM, DME-I, DOM and Turbomachines, the CO attainment is less than the set target. The Program Coordinator also elaborated the probable reason for the same. • To improve the course attainment, the department has conducted tutorial classes and remedial classes in the numerical oriented courses of Design and Thermal stream. Also the faculty handling courses of manufacturing stream have conducted some demonstration sessions. The faculty handling management related courses have asked the students to carryout case studies to enhance interest in the academics. • Course coordinators will plan the assessment tools based on the comments of the course coordinator of the same course in the previous academic year or the module coordinator. • Our faculty members have experimented the usage of modern assessment tools such as quizzes, project based learning (PBL), minute paper, chapter summary etc. • In the case where PO attainment is less than the target, the department will take actions in order to achieve the required target level. 	<p>Program Coordinator -----</p>	<p style="text-align: right;">  ----- Principal </p>

DEPARTMENT OF MECHANICAL ENGINEERING

	<ul style="list-style-type: none">From this academic year, we have planned to map one CO with one or two POs only. But activities will be conducted to address all the POs by the completion of the program.		
4.	<ul style="list-style-type: none">The HOD and the Program Coordinator have asked for suggestions from the PAC members regarding the activities which can be planned for the next academic year and to uplift the department further.A fruitful and healthy discussion was happened among the members.The members have actively participated in the discussion and suggested some of the points, as follows<ul style="list-style-type: none">Our Alumni Mr. Karthik A V has provided the very useful information regarding the institutes/training centers in Bengaluru, which provide good training with assured placements.Our one more alumni Mr. Nishanth Prabhu K has provided useful information regarding online platforms which provide good training regarding the software packages currently used in industries.The HOD has noted the suggestions by the members and assured them that their suggestions will be implemented in the coming days to the possible extent.The alumni members have appreciated the growth of the college/department in the recent years.
