7.1.2, QnM	Disabled friendly website	20

The HEI claims for providing the disabled friendly website using the below documents

The institute website www.sode-edu.in is provided with disabled friendly tab which will be helpful for the vision impaired people. Building a disabled-friendly website is a demonstration of social responsibility and a commitment to creating a more inclusive online environment. It contributes to a more equitable society where everyone has equal access to information and opportunities.

Tool Bar

The features provided in the website include:

Key navigation, disable animation, contrast, increase text, decrease text, readable font, mark tiles, highlight links and buttons. A disabled-friendly website ensures that individuals with disabilities can access and interact with the content, thus promoting inclusivity and equal opportunities for all users.

Accessible design often leads to an improved user experience for all users, not just those with disabilities. Features such as clear navigation, concise content, and adaptable layouts benefit everyone. It indicates the organization values inclusivity and cares about meeting the needs of all users.
