CIRCULAR

Date: 24 August 2018

Sub: Research Seed Money

To promote research culture in the college, our management has sanctioned allowances to those faculty members who are pursuing research program. College management has been supporting the research scholars with the research allowance @5% of the basic salary since August 2014. In spite of financial support, the research progress and research publication is very discouraging. Hence the management has decided to support the research scholars with seed money as per the revised guidelines. This circular brings clarity to the research allowance, hereafter called as "Research Seed money". The revised guideline is with effect from 01 August 2018.

Guidelines for Existing Research Scholars:

1. Total Research seed money for faculty pursuing research is Rs. 60,000/- (@Rs. 12,000/- per year for maximum of 5 years). Those who have availed the research seed money partly are eligible to avail the balance seed money for the remaining period as per the details given below.

Research seed money per year = Balance seed money / (5-number of years completed)

2. It is mandatory to transfer the credit of research work to the college. Sanction of Research seed money will be terminated to those who are violating this instruction.
3. Research Seed Money will be sanctioned based on the request to the Principal through research guide/HOD of the respective department.
4. Seed Money shall be utilized for registration fee for conference/workshop/seminar related to research work.
5. Publication charges to publish the papers in SCOPUS indexed journal may be met with the seed money.
6. In case the research scholar needs any special tools/equipment for the research, the same may be purchased to the department through research seed money.

Guidelines for New Research Scholars:

- Faculty members are eligible for the Research seed money only after the approval of their candidature by the College and the University.
- The conditions given in the S. No. 2 to 6 are applicable to the new research scholars also.

Note:

- The incentive to the good publication is not included in this seed money.
- The Research seed money is additional benefit sanctioned by the college management as a goodwill gesture. The College administration has the right to revise/withdraw the research seed money to research scholar(s) without prior information to the research scholar(s).
- College management expects at least one publication in peer reviewed journal/conference per year by the research scholar after the comprehensive viva voce.

Respected Sir

Subject: Permission to avail research seed money.

I am pursuing my research work in the Department of Mechanical Engineering bearing USN 4MW19PME01. I have completed my Comprehensive Viva on 6 September 2021. I have started to work on the experimental part of my research work that includes procurement of cast magnesium alloys, processing and testing them. I have procured the required alloys for the research work from Vision Castings and Alloys, Telangana. The invoice of the same has been attached herewith. I request you to please grant me appropriate seed money for procurement of the required material. I hope you would oblige to my request. I would like to thank you and the Management of our institute for supporting us through this initiative.

Thanking you
