Curriculum Feedback (Students)

Department: Civil Engineering AY:2022-23 Class: VII sem

Dear students please give your valuable feedback about the course syllabus of the current academic year to enhance the teaching learning process.

The information provided by you will be used only to design and improve the curriculum delivery process.

You need not disclose your name if you do not wish to.

PLEASE CROSS (X) THE RESPONSE THAT REPRESENTS YOUR OPINION

S. No.	Particulars	Strongly Agree	Agree	Neutral	Disagree	Strongly Disagree
1	Syllabus is well designed and covers from fundamental to advanced topics		✓			
2	Syllabus covers all concepts in depth		✓			
3	Syllabus will enhance learning value of the students (skill, concept, knowledge, analytical ability)		✓			
4	Syllabus is relevance to real life situations/applicability			✓		
5	Interdisciplinary courses are included in the syllabus			✓		
6	Overall course syllabus is excellent			✓		

What is the most useful part of the curriculum / course and why?

software application lab gives knowledge about design

What is the least useful part of the curriculum / course and why?

Theory part in the subject is least useful and practical appln

What changes would you recommend to improve this course? is required.

More practical applications and site visit should be included in the course

Any additional comments about the curriculum.

What is the most useful part of the curriculum / course and why?

What is the least useful part of the curriculum / course and why?

What changes would you recommend to improve this course?

Any additional comments about the curriculum.

Don't force students to join IT Companies.
They came to study their core branch (like Civil, Mech)
and they will excel in it for sure unless you lectures
force them to go for IT.
