Action-Taken Report on Curriculum and Class Committee Feedback Analysis Academic Year 2020-21

We've diligently collected feedback on the curriculum from a diverse range of stakeholders, encompassing employers, alumni, faculty, and students. Members emphasized the importance of incorporating innovative teaching methods such as project-based learning and experiential activities. We deeply acknowledge the importance of the insightful suggestions they have shared with us. Following a thorough analysis of the collected feedback, the institute has proactively undertaken specific actions in response to the valuable suggestions put forth by the stakeholders. Suggestions were made to promote collaborative learning through group projects and discussions.
