Dear sir,

As my colleague Mr. Roshan S Kotian had a telephonic conversation with you regarding the conduction of seminar on green building and its importance in the current scenario of construction practice. It would be a great privilege to invite you as a guest speaker for the event in our institution. I kindly request you to consider this as an official invitation and we are expecting your positive response.

We are planning to organise the talk for all semester civil engineering students this month. I request you to provide us the date and the title of the talk at your convenience.

I am looking forward to your affirmation to this mail.

PS: Guest speaker shall be rewarded as per the institution norm.

With regards,

Mr. Sooraj Kumar

Sooraj,

It is my honor to interact with the students of Shri Madhwa Vadiraja Institute of Technology and Management. I wholeheartedly accept the invitation as I need to spread the knowledge of Green Building and the importance as a Career Choice in their respective future.

Topic Name: Green-collar jobs in the construction sector.

Before proceeding ahead, I need the following clarification from your end as follows -

1. Dates for the event.
2. The time duration of the seminar.

I am free on Fridays and Saturdays. Suggest the date and time so that we could plan accordingly.

Kind Regards,

Praphull Ramdas Wanare | IGBC®AP, GRIHA®CP, EED AP® BD+C, LEED AP® ID+C, WELL AP™,

Detailed report on the activity

The Student Chapter of Indian Society for Technical Education (ISTE) in association with Civil Engineering department has organized a technical webinar on "**Green- Collar jobs in construction sector**" by **Mr. Praphulla Ramdas Wanare, LEED Coordinator, Six Construct- Uptown Dubai**. Mr. Wanare has started the session with the introduction on Green buildings and its importance in current scenario. He had explained the various green features associated with the different projects he had handled during his tenure at Dubai. Students have also learnt the LEED rating system with reference to making the construction energy efficient throughout its life cycle analysis. Later sir had given the job availability in the sustainability construction technology and he emphasizes more on the change in trend from the convention construction practice to the green building concepts. Later speaker explained the opportunities in IGBC and LEED organization for the civil engineering aspirants. The session was concluded by showing an awareness video on sustainability aspect, showing the significance of the resources for the future generation. Total 78 students were benefitted from the session from second, third and final year students of civil engineering department.
