

### Activity Report

Academic Year	2022-23
Name of the Program	Tech Talk cum Hands-on Session of ReactJS by Codecraft Technologies
Date	17th December 2022
Target Audience	Third year students of CSE
Number of Participants	77

The Department of Computer Science and Engineering in collaboration with Training and Placement Cell of SMVITM organized a one day Tech Talk cum Hands-on Session of ReactJS for 3<sup>rd</sup> year CSE students. The session on "ReactJS" conducted on 17<sup>th</sup> December 2022 by Codecraft Technologies. We had with us Mr. Naveen Castelino, CTO and Mr. Rahul Kakkadan, Frontend Developer of Codecraft Technologies as our resource persons to conduct the workshop.

React.js is the popular javascript library for building user interfaces. This session taught our students to design simple views for each state in any application, and React will efficiently update and render just the right components when data changes. It has gained even more attraction in recent years due to its versatility and ability to be used for both web and mobile applications. One of the main benefits of this rendering process is that it allows React to update the UI in a performant manner, even when the state or props of a component change frequently. This makes it an ideal choice for building high-performance, interactive applications. Ms.Dhanya Shenoy and Ms.Chaitra Bhat from Computer Science department coordinated this session.

Dear Praveen,

Sub: Letter of Gratitude

We wish to thank you profusely for being the resource person for "Tech Talk cum Hands-on session" conducted for the benefit of SMVITM Students organized under Computer Science and Engineering Department in collaboration with Training and Placement Department of SMVITM on the topic "ReactJS" on 17 December 2022.

We sincerely express our gratitude for your immense support extended to make this program a grand success.

We look forward for your support in the days to come.

Thanking you,

With Regards
