**Activity Report**

Academic Year	2018 - 2019
Name of the Program	Alumni Talk on Entrepreneurship
Date	05 Sep, 2018, Wednesday
Target Audience	VII Semester students
Resource Person	Rayan Christ D'Souza Director - TFN Enterprise OPC Pvt Ltd.
Number of Participants	168

**Report of the Activity**

One of our Alumni – Mr. Rayan Christ D'Souza of the 2017 batch passout was at the college premises to give a talk to the final year students on Entrepreneurship. He is currently the Director – TFN Enterprise OPC Pvt, Ltd which he started out recently after a 2 year experience in the industry.

The event was held on 5<sup>th</sup> Sep 2018 for students of 7<sup>th</sup> semester across all branches.

Rayan talked about his journey from college life to corporate life, his work and his efforts to do something on his own when he was located in Pune.

The challenges and struggles he faced and his hunger to do more made him take up something on his own in terms of design and project work. Encouraged with the successes he met, he realized there was a lot of scope in the market and he left his job and branched out on his own in Aug 2018 with his company TFN Enterprises.

Hey Ryan,

Great to hear you are doing a Electronic workshop for the 2nd and 3rd year students.

For the Alumni Talk , how about 28th Aug - around 12 noon to 1 pm ? This would be for the 7th sem students - all branches around 300+ students.

The audience and theme of talk will be preparing for a job after graduation - preparation necessary, your experience - ups and downs and your entrepreneurial journey.

Pl's confirm so that I can make the necessary arrangements.

Best Wishes,

Vidya Bhat

Hi M'am,

Really glad to hear. Please tell me the name of the student and do pass him my contact. I would like to help and guide him if he is interested in such a thing.

About the talk, it would be my pleasure, I would love to talk to the students and guide them in whatever ways that benefits them. Please do let me know the date before you finalise.

Also, we will be conducting a basic electronics workshop named 'Electronics 101' in the ECE department on 24-25th August for 2nd and 3rd year students. We would like to hire interns from CSE department in the coming months, I will let you know when we do.

Hello Ryan,

Was speaking about you today to one of our students who was interested to start out on his own with an idea like yours.

As you know, the percentage of students interested in going to Pune or out of Bangalore max, are few.

What I am interested to know is what are the gaps that our students need to work on and what is the solution to equip them?

Would you want to enroll the students for your EOE....as a way of doing live projects? I shall invite the students of 7th sem to your talk .

Will you be interested to talk about it as your startup and experiences of your journey sometime towards August end or September 2nd week?

Best Wishes,

Hello M'am,

This is an update regarding the job posting at Lydnow Robotics.

The company had selected only 1/5 resumes that I had received from SMVITM.

The company had a telephonic interview with Ms Bindiya Moolya after which she has been given a date for Face to Face interview at the company's office in Pune. We are still waiting for her to revert back.
