LinkedIn Career Kickstarter Program on 21 June 2023 @ SMVITM Campus

Venue:

Seminar hall admin block

Time:

Batch 1 (II & IV sem) : 11.00 am

Batch 2 (VI sem) : 12.00 noon

Note: Students are requested to bring Mobile phone to get login to LinkedIn

LinkedIn, the world's largest professional networking platform to help students leverage LinkedIn in their career-building while at college.

As a part of this **#LinkedInCareerKickstarter** program, **LinkedIn** Premium services to the participated students completely free of cost.

While **LinkedIn Premium** services offer a host of benefits to students, We see **three major areas** through which the students can directly realize the value

- **Learning:** Students can learn from a bouquet of courses across domains in Technology, Skills & Certifications
- **Professional Networking:** Students would be able to directly connect with recruiters/industry leaders for mentorship and guidance through InMail credit
- **Land Internships:** **LinkedIn** has been a great platform to network and land jobs and internships

This program is only for registered students for this program FACEPrep!

We have been working with **LinkedIn**, the world's largest professional networking platform to help students leverage LinkedIn in their career-building while at college. As a part of this **#LinkedInCareerKickstarter** program, we offer their **LinkedIn** Premium services to the students of our partner institutions completely free of cost.

3,00,000 Students use LinkedIn for their academic and professional goals.

There has been an overwhelming response from the FACE Partnered colleges and universities during the previous phases of execution and **LinkedIn** has extended the mandate with another 1 Lakh coupons

While **LinkedIn Premium** services offer a host of benefits to students, We see **three major areas** through which the students can directly realize the value

- **Learning:** Students can learn from a bouquet of courses across domains in Technology, Skills & Certifications
- **Professional Networking:** Students would be able to directly connect with recruiters/industry leaders for mentorship and guidance through InMail credit
- **Land Internships:** **LinkedIn** has been a great platform to network and land jobs and internships

We will also additionally do a **free Career Kickstarter Program** for your students on how to leverage **LinkedIn** for building their skillsets & careers.

Based on our previous experience this time we would want to prebook the slots to ensure smooth delivery at the time of training. We started the training on the 17th of Apr, we are bringing this to you on early notice so that it would help you get the necessary approvals for training and also collect the student data for coupon distribution.

Please find below the student's onboarding process.

- Step 1: You confirm your interest with the student's list.
- Step 2: You confirm dates for my team to come down to your institution and do the free 1-hour workshop on how students can leverage **LinkedIn** to land better careers. The sessions will be conducted in computer labs. One trainer will be able to handle 6 batches throughout the day. Trainers/Number of days will be decided based on the total number of students
- Step 3: If you are not able to give us the final dates, we request you to provide us with tentative dates on which we can do this onboarding. The students are to be onboarded before 15th Jun 2023.
- Step 4: Students will be onboarded on given an orientation on how to access **LinkedIn** and **LinkedIn Learning**

We have already booked 76,000 coupons from 63 Colleges across India. We have another 24,000 slots open to be offered and we would like the students of your institution to benefit from this.

Resource person:

- Mr. Darshan
- Mr. Bhargav
- Ms. Supriya

Program Details:

- 5 days of training completed as per the above-mentioned schedule.

Feedback:

- Oral feedback was taken on daily basis
- Google form opened throughout the training program

Trainer's Feedback:

The overall feedback of the JV Global Services LLP Trainers for the Placement Training Program at Shri Madhwa Vadiraja Institute of Technology & Management was very positive. The students were good, interested, attentive and disciplined. It was observed that most of the students are dedicated and were participating throughout the training. They listen and understand the concepts of GD and interviews. However, they are very hesitant to participate in mock GD's and interviews. They had to be literally pushed to participate. Working on their fluency in English language and self-motivation would carry them a long way in their careers.
