

Curriculum Feedback Analysis Report (Faculty)

Department: CSE	AY:2022-23	Scheme:2021, 2ndYear
-----------------	------------	----------------------

CURRICULUM FEEDBACK ANALYSIS (FACULTY) (2nd Year)

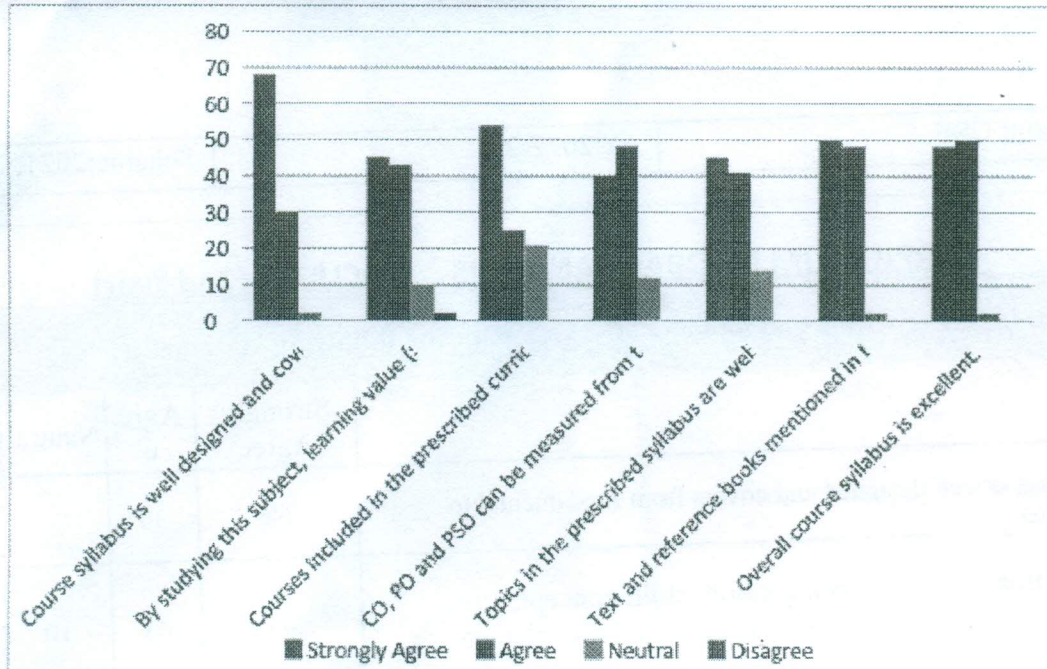

Indicate the degree to which you agree or disagree with the following statements.

	Strongly Agree	Agree	Neutral	Disagree
Course syllabus is well designed and covers from fundamental to advanced topics	68	30	2	0
By studying this subject, learning value (skill, concept, knowledge, analytical ability) of the students' will enhance	45	43	10	2
Courses included in the prescribed curriculum are relevant to real life situations/applicability.	54	25	21	0
CO, PO and PSO can be measured from the syllabus.	40	48	12	0
Topics in the prescribed syllabus are well planned and can be completed as per the schedule.	45	41	14	0
Text and reference books mentioned in the syllabus are relevant.	50	48	2	0
Overall course syllabus is excellent.	48	50	2	0

Curriculum Feedback Analysis Report (Faculty)

1. Course syllabus is well designed and covers from fundamental to advanced topics

It is analyzed from the feedback that 68% of the faculties have strongly agreed that the Course syllabus is well designed and covers from fundamental to advanced topics, 30% of the faculties agreed, while 2% of the faculties are neutral about the syllabus design.

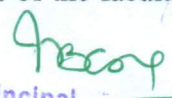

2. By studying this subject, learning value (skill, concept, knowledge, analytical ability) of the students' will enhance

45% of the faculties said that they strongly agree with the above statement, i.e., syllabus will enhance the learning value of the students, 43% of the faculties agreed, while the remaining 10% of the faculties are neutral about this statement.

3. Courses included in the prescribed curriculum are relevance to real life situations/applicability

From the analysis we could observe that 54% of the faculties strongly agreed that the curriculum is relevant to real life, 25% of the faculties agreed, and 21% of the faculties were neutral about this statement.

4. CO, PO and PSO can be measured from the syllabus

 Principal

 BANTAKAL

Curriculum Feedback Analysis Report (Faculty)

It is observed that 40% of the faculties strongly agreed that CO, PO and PSO can be measured from the syllabus, 48% of the faculties agreed, 12% of faculties remain neutral with syllabus for measuring CO, PO and PSO.

5. Topics in the prescribed syllabus is well planned and can be completed as per the schedule

It is noted that 45% of the faculties strongly agreed that topics in the prescribed syllabus are well planned and can be completed as per the schedule, 41% of the faculties are agreed, 14% of faculties are neutral with the syllabus plan and completion.

6. Text and reference books mentioned in the syllabus are relevant

It is figured out that 50% of the faculties strongly agreed about the relevance of the text and reference books mentioned in the syllabus, 48% of the faculties agreed, 2% of the faculties remained neutral about the text book and reference book.

7. Overall course syllabus is excellent

48% of the faculties have strongly agreed that the syllabus is excellent, 50% of the faculties agreed that it is excellent, while 2% of the faculties remained neutral about the Excellency of the syllabus.

Faculty suggested following changes to be incorporated in the syllabus:

- Volume is huge when compared to 2018 scheme
- It would be better if the Data structures laboratory is defined as a separate course rather than IPCC.
- Modules are not equally distributed (some modules are very vast)
- SCR syllabus should have more clarity on the list of activities/modules.

 BANTAKAL - 574 115

Curriculum Feedback Analysis Report (Faculty)

measured from the syllabus, 40% of the faculties agreed, 4% of faculties remained neutral with syllabus for measuring CO, PO and PSO.

5. Topics in the prescribed syllabus is well planned and can be completed as per the schedule

It is noted that 46% of the faculties strongly agreed that topics in the prescribed syllabus is well planned and can be completed as per the schedule, 45% of the faculties are agreed, 9% of faculties are neutral with the syllabus plan and completion.

6. Text and reference books mentioned in the syllabus are relevant

It is figured out that 52% of the faculties strongly agreed about the relevance of the text and reference books mentioned in the syllabus, 40% of the faculties agreed, 8% of the faculties remained neutral about the text book and reference book.

7. Overall course syllabus is excellent

60% of the faculties have strongly agreed that the syllabus is excellent, 36% of the faculties agreed that it is excellent, while 4% of the faculties remained neutral about the Excellency of the syllabus.

Faculty suggested following changes to be incorporated in the syllabus:

- Automata theory and computability module 4 and module 5 may be redesigned by considering real time usage of turing machines and its application
- Each module of the Management and Entrepreneurship for IT Industry should be redesigned with case studies.
- Computer networks application and presentation layer depth of the concepts may be increased.
- Python Lab can be included as a part of the curriculum.
- In Computer Graphics and Visualization some modules could be redesigned with more practical approaches in order to support for mini project development.

4. CO, PO and PSO can be measured from the syllabus

It is observed that 62% of the faculties strongly agreed that CO, PO and PSO can be measured from the syllabus, 35% of the faculties agreed, 3% of faculties remained neutral with syllabus for measuring CO, PO and PSO.

5. Topics in the prescribed syllabus is well planned and can be completed as per the

It is noted that 60% of the faculties strongly agreed that topics in the prescribed syllabus is well planned and can be completed as per the schedule, 24% of the faculties are agreed, 16% of faculties are neutral with the syllabus plan and completion.

6. Text and reference books mentioned in the syllabus are relevant

It is figured out that 58% of the faculties strongly agreed about the relevance of the text and reference books mentioned in the syllabus, 36% of the faculties agreed, 6% of the faculties remained neutral about the text book and reference book.

7. Overall course syllabus is excellent

58% of the faculties have strongly agreed that the syllabus is excellent, 38% of the faculties agreed that it is excellent, while 4% of the faculties remained neutral about the Excellency of the syllabus.

Faculty suggested following changes to be incorporated in the syllabus:

- No clarity on the to what depth topics are to be covered(DIP)
- AI and ML subject first 2 modules are very lengthy
- It would be better if more of practical components are included in BDA (MongoDB implementation in real time)
- It would be better if the RPA subject is redesigned with more practical approaches.
